# INTERVIEW ME!

## INSPIRE CAREER FAIR ACTIVITY

### Learning Objective:

Learn how to interview well.

### Directions

Imagine you are the interviewer for a job. Think about what might be important to you when looking for an employee, and answer the following questions.

1. Think of three questions that you would want to ask a person who is going to interview with you for a job.

---

---

---

2. Did you know that there are some questions you are not allowed to ask in a job interview? What do you think a forbidden question might be, and why would it be forbidden?

---

---

3. You have two people who interviewed really well. They seem to be very equal in their qualifications. What will you do to decide who gets the job and who does not?

---

---

4. How would you give positive feedback to a candidate that you have decided NOT to hire at this time?

---

---

5. Now that you have looked at the interview process as an interviewer, is there anything you would do differently the next time you are going to be interviewed for a job as a potential employee? Why would you make this change?

# HOW TO GET A JOB!

## INSPIRE CAREER FAIR ACTIVITY

### Learning Objective:

Learn how to get a job using various job search techniques.

### Directions

The key to getting a job today is to be persistent and to follow these steps carefully.

1. What type of job will you look for? Hint: Maybe there was a job or company from the Inspire Career Fair that was interesting to you.

---

---

2. Put together a one page resume of your skills and interests. If you have any work experience already, list that too. What is one of the skills that you are really good at?

---

---

3. Find job openings by telling friends and family what you are looking for, by visiting local businesses that hire people who do the type of job that you would like to do, and by searching online for job announcements. One good website to try is indeed.com. Which of these methods do you believe will be most successful for you? Why?

---

---

4. Ask a classmate to be your interviewer. Have them ask you questions and then give you helpful feedback on what you can do better next time. List one of their suggestions here.

---

---

5. Be prepared and dress for success. Keep a folder that has a copy of the job description, a copy of your application, and a copy of your resume handy. Plan your interview outfit ahead of time. What will you wear on your big day?
